Security for Credit

# Credit Life **PAY**

This product line removes anxieties by protecting ongoing payment obligations of customers from e.g. credit card, insurance or hire agreements or savings plans. It means you can plan for any unforeseen circumstances during the lifetime of the agreement with no risk to the repayment schedule.

Credit Life **PAY** is specially designed for long-term debts and includes the following options for payment protection for employees, public service workers and the self-employed:

## Life cover

- Protects the payer and his/her family in the event of his/her death, incapacity to work / physical debilitation or unemployment

## Income protection

- Protects the payer in the event of incapacity to work / physical debilitation and unemployment

Each individual product can be tailored to the Credit Life partner's circumstances and can include additional services. Credit Life **PAY** payment protection insurance offers Credit Life partners these special advantages:

- improved payment security if the customer gets into difficulties
- guaranteed payment for services
- improved customer profitability

**If you are already a successful finance provider, our insurance products and services will add to that success!**
