

Credit Life MORTGAGE

Security for Credit

Credit Life **MORTGAGE**

This product line removes anxieties by protecting mortgage liabilities. It means you can plan for any unforeseen circumstances during the lifetime of the loan with no risk to the agreed repayment schedule.

Credit Life **MORTGAGE** is specially designed for home loans and includes the following options for payment protection for employees, public service workers and the self-employed:

Death cover

- Protects the borrower's family in the event of his/her death

Life cover

- Protects the borrower's family in the event of his/her death, incapacity to work / physical debilitation, divorce or unemployment

Each individual product can be tailored to the mortgage provider's circumstances and can include additional services. Credit Life **MORTGAGE** payment protection insurance offers Credit Life partners these special advantages:

- competitive edge through innovative product design
- improved customer profitability
- insurance cover without a medical examination

If you are already a successful finance provider, our insurance products and services will add to that success!
